SKILLS

Read the statements below. Then choose the correct conclusion based on the information given.

1. Marquette and Jolliet were looking for a Northwest Passage. They followed the Mississippi River for miles and miles until they realized that the river went south.
 - a Marquette and Jolliet were looking for a route to the south.
 - b The Mississippi River was not a route to the Northwest Passage.
2. During the French and Indian War, the British soldiers marched in neat rows wearing brightly colored coats. Many of them were shot as they marched through the woods. The French and Indians did not wear bright clothing or march in rows.
 - a There were more French troops than British.
 - b The British soldiers were more easily seen than the French.
3. The French did not allow many people to trap for furs legally in New France. Yet many trappers became rich from trapping.
 - a Many people trapped for furs without permission.
 - b Few people wanted to trap for furs in New France.
4. The French learned the language and the ways of many Native Americans. They did not force them to work or live in missions, as the Spanish did.
 - a The French generally had better relations with the Native Americans than the Spanish did.
 - b The Spanish got along better with the Native Americans than the French did.
5. Popé was the first Pueblo leader to unite the Pueblo against the Spanish. Popé wanted the Pueblo to rebel. Eventually they did.
 - a Popé decided to make peace with the Spanish.
 - b Popé was able to persuade the Pueblo to rebel.

WRITING

Write a short paragraph to answer each question. If you need more room, continue writing on the back of this page.

1. Compare and contrast the reasons for the French and Spanish settlement in North America.

2. How was the relationship between the French and the Native Americans they met different from the relationship between the Spanish and the Native Americans they met?
